- B. Changing the Date for the Next Council Meeting

The council meeting was changed to Monday January 22nd because Mayor Vazquez will be out of town for a conference the rest of that week.

- C. Review of the G&O Inspection Report

Mayor Vazquez explained that upon looking at the Inspection Report and discussing it with city staff that we will not be moving from the current city hall building but we have cleared out the second floor and no one will be doing things up there.

They all also agreed to have G & O come back and reevaluate in the Spring and in July to keep monitoring for changes that inhabiting the current building is a hazard.

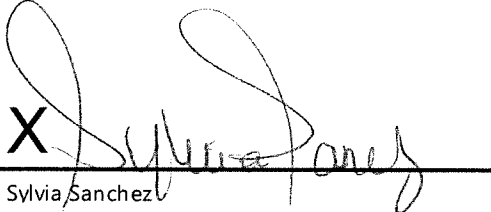

3. Visitor Comments

We heard from Mark Gourneau (221 Maple St.) because he believes that he is entitled to the vacant Council seat after Cindy Rendon resigned taking that position. We also heard from Duran Rivera and Rachel Ruelas (309 Maple St.) who disagree and say that seat does not belong to him.

We also heard from Roberto Marroquin (228 Cedar St.) who had a complaint about his water bill. Mr. Marroquin has had high bills in the past. His meter has been changed and the previous one was tested by an outside source found to be reading lower than it should be.
