

STUDY SESSION MINUTES

Tuesday August 13, 2019

1. Call to Order Time: 6:07pm
2. Visitor Comments

We heard from Janet Burgard of 301 Maple St. who was concerned about her water bill. She stated that she had a leak the month previous and it was hard to determine whose responsibility it was because water was filling the meter box. The leak was fixed and council agreed to credit her bill to make it the same price as the month before because it was hard to say if there was more water used than that. The amount of this credit would come out to \$40.18

We heard from Rachel Ruelas 309 Maple St. was concerned because she called 12 times in a 12 minute period and she stated that when she got a hold of someone the person at the front counter stated that he was in the bathroom. She stated that there was no reason for someone to be in the bathroom for that long. She stated that breaks are at 10 O'clock and they should be back at work at 10:15. She wanted to know why this was.

The city clerk stated that there was a problem with the phone system has been a problem since she started. She mentioned it needed to be worked on because the only phone that would ring was in the front. We were going to call and get the system looked at and find out why some of these problems are happening and hopefully get them resolved.

Mark wanted to talk about his road again. He stated that all the progress that was made with them grading it; it basically was for nothing because it was never sprayed to hold it in place. He also wanted to ask about if our officer was working overtime as they had requested at the previous meeting. The mayor explained that she had not done that because there have been some changes since then that made it so that this was not entirely necessary.

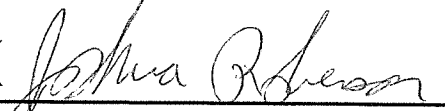

There was more discussion on the subject.

Diana wanted to say that she was concerned about our conduct at the National Night Out. She said that some of the council was acting unprofessionally and she was disappointed that this

kind of conduct would happen while we were in public. There was more discussion on this subject as well but the mayor stopped the meeting because it was getting out of hand.
