

## STUDY SESSION MINUTES

Tuesday October 26, 2021

1. Call to Order Time: 6:02pm

Council member Arturo commented on when the General Store will break ground. Mayor Vazquez did confirm that the General store would break ground in mid-November and we are just waiting to confirm that all documentation and permits are in place. Council member Arturo also asked about the Farm Workers Clinic. Mayor Vazquez commented and stated this wasn't going to be done until maybe spring time. Mayor does report having a complaint of people staying at the sight. The mayor also adds officers have been patrolling the area.

Arturo commented on the current speed from the Mabton Highway by the Wheelers Gas Station and the number of accidents. Mayor responded by adding that the Yakima County is responsible for that Highway and have had talks about reducing the speed from the bridge to Mabton to 45 MPH. The mayor was asked if the city would have any issues. The mayor's response was, once its official, it could be brought up to council to make a decision.

Council member Sophia expresses her concern of having Wheelers fix the entrance and have better markings on the entrance and exit to help prevent accidents. Council member Diana expresses her concern about the weight of semi-trucks passing over the bridge with heavy weight. Mayor Vazquez did respond with if its being seen, they must report it to the state patrol. DOT would be the ones to enforce the laws.
